SUMMARY

A Front-End Developer with a strong foundation in HTML, CSS, and JavaScript, complemented by hands-on experience in modern frameworks and libraries like React.js. Skilled in crafting responsive and visually appealing user interfaces using Tailwind CSS, Bootstrap, and Swiper. Proficient in version control with Git and GitHub and familiar with design collaboration tools like Figma.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript
 - **Libraries/Frameworks:** React.js, Swiper.js
 - **CSS Frameworks:** Tailwind CSS, Bootstrap
 - **Version Control:** Git, GitHub
 - **Design Tools:** Figma
 - **Other Tools:** Responsive Design, Cross-Browser Compatibility
-

PROJECTS

E-commerce Website

- Developed a fully functional e-commerce website with features such as a product listing page, product details page, and shopping cart functionality.
- Implemented responsive layouts using HTML, CSS, and JavaScript.
- Used Git and GitHub for version control and project collaboration.
- Implemented an interactive cart system to add, remove, and update products.
- Created individual pages for products, showcasing detailed descriptions, images, and prices.

TMDB Movies App

- Built a web application to display movie data fetched from the TMDB API, showcasing trending and popular movies with details such as titles, ratings, and overviews.
 - Interactive UI for exploring trending and popular movies.
 - Dynamic content loading using API integration.
 - Implemented responsive layouts using HTML, CSS, and JavaScript.
 - Used Git and GitHub for version control and project collaboration.
-

EDUCATION

FSC in Computer Science | AKL College, Swat | Year of Completion 2024

Completed FSC in Computer Science with a focus on computing, programming, and problem-solving. Developed a strong interest in front-end development and built a solid foundation in algorithms, systems, and software tools.
